Since man first fashioned a rude stone implement, he has fought a never-ending battle with the forces of nature which have often almost overwhelmed him. Death in childbirth, death in earthquakes, volcanic eruptions, plagues, tidal waves, droughts, famines, and death at the claws and fangs of ferocious animals have been the lot of a great portion of humanity for tens of thousands of years.

In order to have one or two surviving children, parents had to have ten or twelve born, and only the strongest, wildest and toughest survived human existence for these tens of thousands of years. This always seemed cruel and most unfortunate.

But the very severity of this unequal battle with nature insured that the smartest and strongest individuals alone rose to leadership; the best organized and most excellent families alone rose to leadership of the group; and the strongest, smartest and best organized of the groups alone rose to preeminence in a desperately struggling world.

Weaklings and fools did not last long. Especially, they could not swindle the strong and wise men who had survived the awful struggle of existence into accepting fools, demagogues and weaklings as "great leaders". Thus, from the dawn of human history, with rare exceptions (caused by inheritance of power, which did not last) only leaders who could lead attained real, permanent leadership, and only races (groups) which were truly superior could dominate.

Under these conditions the group of humanity loosely called "Aryan white men" inevitably rose to complete domination of the civilized world, and civilized much of the savage world. And within this elite human group, or breed, - Ceasars, Pericles, Fredericks and Washingtons rose to personal leadership.

The natural enemies of humanity, such as disease, wild beasts and brutal elements forced the naturally inferior groups to accept the domination and leadership of the superior white group. And the same cruel struggle within the white group forced the masses of inferiors to accept and even seek the leadership and domination of the naturally superior individuals among them. The inferior majority was thus always led by the superior and elite minority. "People's Revolutions" were always relatively temporary, and power and leadership sooner or later was back in the hands of the biologically superior humans who had real capacity and force to lead.

As a result, the world was benefited by the civilizing drive of the exceptional whites of England, Germany, France, Spain, Portugal, Italy, etc. - but most of all by NORDICS.

While the "subjects" of colonization might have chafed and complained under the yoke, millions of inferior savages who had lived for thousands of years in prehistoric squalor, ignorance and savagery were relatively suddenly taught the rudimentary technical methods of controlling natural forces so that many more of them could survive and become, in their own way, more powerful than their savage, uncolonized brothers.

During all of these eons of history, it was highly advantageous to the subjects, - inferior races and even to the inferior individuals among the white race, to seek and accept the leadership of the best races and best individuals even if this involved some tyranny. Nature herself was a still crueler tyrant and only with the leadership and organization supplied by the superior white race and the superior individuals within the white race could humanity hold its own or advance in the battle with nature.

The weapon of the superior white man and the superior individual who led the white men was never physical strength alone but always the power of intellect and organization - which is the supreme form of the human will in action.

In applying his intellect to the cruel forces of nature which tyrannized over him, the white man inevitably cast aside superstition, religious myths, old wives' tales and wishful thinking. He discovered what we now call the "scientific method" - the power of organized, scrupulously logical thinking.

With the full understanding and use of this intellectual tool man suddenly gained terrific power over the wild forces of nature which had been beating him for thousands of years. With this method there is almost no thing or action which cannot be somehow dominated, controlled and used by mankind.

Man has penetrated outer space and the atom itself. He has controlled one natural killer and disease after another and even developed artificial human organs to replace those destroyed or decayed. He is, perhaps, on the verge of discovering the secrets of life itself.

Utterly astounded at his own genius and accomplishment through the use of the scientific method, man then made what may yet be his fatal error.

From the discovery that he could use natural laws he jumped to the conclusion that he could conquer nature and flaunt her iron laws.

Bursting with conceit over his scientific and material accomplishments he forgot that he, too, is a part of nature, an animal.

He proceeded to "conquer" evolution. He has now reversed it. That is the supreme danger of our chaotic times.

Where nature had for countless centuries culled humanity until the best individuals and the best group, (speaking of the average) dominated humanity, he now applied scientific method to everything else but his own breeding. He allowed anthropomorphism - conceit - to enter the picture and control him just as it did his most savage and stupid ancestors 10,000 years ago in the form of superstition. Science showed him the secrets of heredity and how to use these secrets to breed better cattle, dogs, horses and even bugs. But when it came to his own heredity man was loathe to admit the perhaps "unfair" but brutally true fact that there is no scientific reason why all individuals and groups of the species homo sapiens should be equally valuable and have equal natural abilities any more than that all horses or dogs should be of the same quality whether by breeds or by individuals.

As a matter of fact, during the 18th and 19th century man fell in love with both the scientific method and his own intellect. With his medical knowledge he largely conquered the natural forces which had so long selected the best individuals and groups alone for survival, thus utterly reversing the process of evolution which produced the superior white man and the very brains of the geniuses among the white men who discovered these scientific wonders.

With this sort of worship of the intellect went a concomitant degradation of physical force. Where once the white man had not only cutthought and out-maneuvered the savage races but also kept them in meek submission by naked force and even terror, when necessary, the white man now began to delude himself with the soothing "liberal" idea that force could be dispensed with and man could maintain and extend his accomplishments by sheer intellect alone. He laid down his knotty club, bent over his books and began to fancy himself as "above" the rest of the animal world which still had to copulate, defecate, urinate - and fight to survive. And as he did this, there was one human group which had been schooled and especially selected in this super intellectualism for thousands of years: the Jews.

Naturally weak, unaggressive and lacking in creative force, this human group had survived solely by its wits as a sort of parasite and had even developed a "religion" which codified and even glorified their intellectual paranoism and physical cowardice as the "way of God".

When the forceful, domineering and driving white man laid aside his club, forgot that he also was an animal, and allowed his scientific method and medical knowledge to reverse evolution, he set up humanity for domination by the Jew.

Instinctively the Jew perceived the white man's growing unwillingness to fight, and realized that in a battle of words and mutual swindling his thousands of years of experience would be more than a match for the less subtle Aryan white man. The Jew thus became the leading and loudest exponent of intellectualism and the scientific method. And at the same time he instinctively deprecated all ideas of heredity, breeding, race or individual leadership. It is the Jew who would be master in a mongrelized world.

A wolf pack is led by the strongest and smartest wolf by a sort of mutual consent based on force. This arrangement benefits the entire pack because the wise and tough old wolf leader is the best guarantee for the rest of the pack that they will be well led in an organized and successful manner toward food and safety, etc.

Humanity until the seventeen and eighteen hundreds was much in the position of such a wolf pack, beset as it was with natural dangers and human enemies.

But with the rise of intellectualism and pacifism the Jew was able to approach the members of the "wolf pack" of humanity and say, in effect, "why should we be bossed around by the leader "the tyrant" when we outnumber him so greatly? Let us set up a democracy and we will vote him out of business".

If the "pack" can be sold on this swindle it will mutiny against its natural leader and the resulting "democracy" will actually be run by the smartest demagog or smooth talker, usually a Jew, once the strong leader is eliminated by sheer numbers.

This is what we saw in the French Revolution, Oliver Cromwell's uprising, and a hundred other similar "people's revolutions" against the naturally superior leaders of humanity, the so-called "aristocrats", who had lost their force and become decadent.

Finally, about 1850 the Jew Karl Marx organized and codified this revolution and mutiny of the inferiors against their natural leaders in the name of intellectualism, science and democracy. Organized by the Jews in the form of Communism, this "mutiny" by the massed millions of the earth's inferiors against the naturally superior races and individuals threatens to overwhelm humanity today. The idiocy of despising their own hereditary genius and strength has been made the fashion among young college "intellectuals" all over the world and, unless the white man becomes aware that the intellectualism and scientific method he so much admires must be applied to himself and his breeding as an animal humanity will be destroyed by social chaos and the reversal of biological evolution. In fact this process is already far along, and, like hypnotized birds before snakes, the white men and nations all over the world are cringing in abject cowardice before mutinous gangs of inferior people and black savages.

National Socialism is, above all things, the doctrine that it is not only for the good of humanity but absolutely essential for the survival of humanity that scientific method be applied not only to the breedings of animals and bugs but also to the breeding of human beings. National Socialism does not wish to destroy inferior races or individuals any more than a wolf leader wants to destroy the pack but only to organize them into a productive order which alone can enable them to survive and enjoy some degree of human felicity.

National Socialism deplores the reversal of human evolution being accelerated by welfare-ism, brotherhood-ism, race-mixing and the unlimited breeding of the inferior races and individuals while the superior limit themselves to few offspring or none.

To accomplish these utterly fundamental and vital aims, National Socialism declares its goal to be nothing less than the absolute demination of the white-civilized areas of the earth by the Aryan white man and the leadership of the Aryan white man by the strongest and wisest individuals of the race rather than the largest number of brain-washed slobs, i.e., the majority.

To achieve this goal National Socialism recognizes that power must be won legally, first in the strategic center of the world, the United States, and then in all the other white Aryan areas of the earth. National Socialism does not recognize the imaginary geographic boundaries of nations as being as important as the very real boundaries set by nature in RACE.

We therefore declare our intention eventually to incorporate all Nordic and Aryan white peoples into a single political entity so that never again will white men fight and kill each other on behalf of such silly things as imaginary geographic boundaries or such vicious things as Jewish economic swindles, including Communism and Capitalism.

We further declare that we do not seek to murder or destroy any race but only that we intend to establish separate areas within which each race will be at liberty to achieve its own destiny so long as it does not encroach upon or attack the areas or members of another race.

Finally, we declare our intention of utterly destroying all individuals, of whatever race, who are guilty of organizing, planning, or carrying out the criminal Communist conspiracy and mutiny against humanity and the laws of Nature. We recognize a great proportion of Jews have been, and are the leaders of this criminal Bolshevik mutiny and conspiracy against the race of humanity and will not shrink from the task of utterly destroying such poisonous human bacteria.

But this is only the negative part of our ideals and aims. The goal of National Socialism is and always will be a felicitous human ORDER in which each human being will be able to develop and express his contributions to humanity to the maximum possible extent and, by the application of scientific method to human breeding itself, to insure that this world is peopled, not with more and more negroid degenerates, but with human beings who increasingly approximate the lordly ideal expressed in the ancient Nordic sagas by the Gods and Goddesses of Valhalla.

A Note To My Fellow National Socialist Leaders

In attempting to find common grounds for a great number of individuals and groups I have found that the best approach is always the simplest and most fundamental. The less details, the less opportunity for digression of opinion. The above draft of a suggested manifesto for all National Socialists or racial Nationalists or whatever other name may be used has been carefully designed to express only the most fundamental principals on which all of us can agree.

I am not seeking the glory of authorship but would greatly prefer to have the above or something like it published simultaneously in all of our countries as emanating from all of us.

We would appreciate comments, addition, deletions or suggestions. These should be received here before October 15 after which we hope it will be possible for the manifesto to be published broadside throughout the world in many languages.
